

# RESERVED FOR HEROES

DO YOU KNOW A FRONT LINE WORKER  
WHO DESERVES SOME REST AND RELAXATION?

**We want to give your hero a rejuvenating stay at Vermejo.**

At Ted Turner Reserves, we believe heroes take many different forms. That's why during this unpredictable and unsure time, we want to do something to support those on the frontlines in our local communities right here in New Mexico and Colorado. As a small thank you, we'd like to donate a 4-night stay at Vermejo for these heroes, to bring recognition and awareness to all that they do. Maybe it's a doctor, nurse or healthcare professional, a truck driver delivering essential supplies, a school teacher keeping her students on track. To nominate someone, share a photo and story of how they are working to keep your community safe using the hashtag #ReservedForHeroes. We'll be selecting nominees at random on June 1st.

*The package will include 4 nights for 4 people, 2 days of private guides, 2 massages, and 1 cooking class to be used, based on availability anytime in 2020. Transportation to and from Vermejo and alcoholic beverages are not included.*

VERMEJO
